IBM Cognos ICM Technical Sales Mastery Test v1

What are two ways to execute Scheduler processes?(Choose two.)

A. manually through the Admin client
B. automatically through the Web client
C. manually using the database server
D. automatically at a predefined time

Answer: A, D

QUESTION: 31
In which two situations should Pick Lists be used in a table?(Choose two.)

A. when there can be more than a few thousand unique values
B. to enforce the column to be "not null"
C. when the data exists in another table
D. to ensure data integrity

Answer: C, D

QUESTION: 32
What organizes multiple Web tabs in the Web client?

A. Web Tab Groups
B. Folders
C. Web Tabs
D. Portal Access Groups

Answer: A

QUESTION: 33
Refer to the Exhibit below.

Payment (Calculation)

PayeeID	Period	Value
0001	2012, January	$4,000
0001	2012, February	$3,000
0001	2012, March	$3,500
0002	2012, January	$2,500
0002	2012, February	$3,500
0002	2012, March	$3,000

Referring to the exhibit, you are creating a calculation with the "Payment" calculation as the source and "Period" as the only accumulating partition. What will be the value of the record with a PayeeID = "0002" and Period = "2012, February"?

A. $2500
B. $3500
C. $6000
D. $7000

Answer: C

QUESTION: 34
What are two purposes of using components in Composer?(Choose two.)

A. for aesthetics
B. for granular applicationof security
C. for organization
D. for troubleshooting purposes

Answer: B, C

QUESTION: 35
Which two types of Values are created in Presenter?(Choose two.)

A. Stored Value
B. Summed Value
C. Data Grid Value
D. Calculated Value

Answer: A, D

QUESTION: 36
Which two elements would be used as a data source in a Presenter report across all levels of Composer?(Choose two.)

A. Calculations
B. Data tables
C. Data Stores

D. Globaltables

QUESTION: 37
Which two column types would be used as a partition?(Choose two.)

A. Comment
B. Text Box
C. Numeric
D. Date
